Hi Jerry,

I just tried the link myself and also went on the Region 8 home page and I also cannot access the link. It says it is Restricted Access but will not allow me to enter my EPA information. I was hoping I could do that, download the documents and forward them to you. I sent a note to Region 8 and will await their reply. I will let you know what I hear back.

Hi Michele,

Can you help us get a copy of this document. It is Restricted Access and looks like one needs to have an EPA LAN ID to get a copy. Thanks.

Jerry

Hi Rob,

It was suggested to me that an even better example of an aquifer exemption request submitted to Region 8 is available through the link below. In any event, I think both examples help to show that a more narrowly focused application/request is the goal. If you are around next week, let's plan to have a brief conversation to follow up on our meeting and the two examples we sent in case any additional questions arise.

Have a good weekend.

David
